Combined divisions - these are NOT official results. Odd things happen when comparing these Combined results to the By Division results. Sometimes the 'Order of Finsh' changes. Normaly this only occurs when two shooters have very similar scores in the By Division results. This is because a different High Hit factor was set for stages in the Combinded results.

**This is a
normal
occurrence,
but it
takes
more of a
math whiz
than me to
explain.**
